Instructions for Belly Band:

1. Using the large pillow box die, cut 2 pieces from the Crushed Curry card stock (be sure to the place the small die that cuts 2 holes near the top of the pillowbox die and cut the holes at the same time you cut the pillowboxes themselves).
2. Using your Paper Trimmer, score the non-scalloped bottom of each piece at 3/4”.
3. Add Stampin’ Seal+ just to the right & left edges of one of the pillowbox die cuts (see picture).
4. Overlap the 2nd pillowbox die cut matching the bottom tabs.
5. Use Stampin’ Seal+ to adhere the 3-1/2” square of Crushed Curry floral pattern from the Pattern Party DSP, centering just below the score line beneath the scalloped top edge of the front of the die (see below).
6. Die cut the scalloped label shape from the multicoloured floral pattern of the DSP and adhere to the center of the Crushed Curry patterned DSP.
7. Die cut the long skinny label shape from Thick Basic White and use Tuxedo Black Memento Ink to stamp the “Love you, friend” greeting.
8. Add the Acetate Card Box sideways into the belly band.
9. Thread the Black & White Gingham ribbon through the 2 holes near the top of the belly band and tie a bow in the front of the project.
10. Add cards and envelopes of your choice and give to someone special in your life. (this picture shows the card set enclosed in the Acetate Box along with the belly band)

Instructions for 3 cards & envelopes:

1. Crease all 3 card base and duplicate the following instructions for each card.
 2. Use the largest scalloped die from the Contours & Scallops dies to cut the 4-1/4” x 5-1/2” pieces of Crushed Curry Card Stock. Use Stampin’ Dimensionals to adhere this layer to the card front.
 3. Adhere the multicoloured floral pattern of Pretty Patterns DSP to the center of the Crushed Curry layer in step #2.
 4. Thread the Black & White Gingham ribbon through the 5th loops from the bottom Crushed Curry layer and a square knot. Trim ends of ribbon if necessary. Move the knot towards the left side of the card.
 5. Die cut the label shape from the Pierced Blooms dies - one of Granny Apple Green and 1 of Thick Basic White card stock for each of the 3 cards. Cut the Granny Apple Green label in half horizontally and adhere behind the Thick Basic White label using Stampin’ Seal (placing the Granny Apple Green pieces so that approx. 1/8” shows above and below the Thick Basic White label).
 6. Using Tuxedo Black Memento Ink, stamp the “hello YOU” greeting slightly towards the left side of the label (see picture).
 7. Die cut a medium flower from the Pierced Blooms dies from Flirty Flamingo card stock. Add Stampin’ Seal only to the bottom half of the flower and adhere to the top right edge of the label.
 8. Add a Genial Gem to the flower center.
 9. Add Stampin’ Dimensionals to the back of the label layers and adhere slightly towards the right edge of the card. Adhere the Crushed Curry DSP to the envelope flaps and trim as necessary.
 10. Add the cards & envelopes to the Acetate Box and enjoy giving to someone special in your life.
- NOTE:** Changing the card stock colour, DSP and ribbon can make this project work for any other occasion.
