Instructions:

1. Punch out the vellum tree layer from the Paper Pumpkin kit/refill. Colour the back of the trees with the dark Just Jade Stampin' Blends and use Stampin' Seal to adhere approximately 1" from the bottom of one of the Thick Basic White pieces of card stock.
2. Place the negative of the vellum trees approximately 1" from the bottom of one of the 3-3/4" x 5" pieces of Thick Whisper White card stock. Carefully hold in place. Gently swipe the Blending Brush over the Shaded Spruce ink and using gentle pressure, swipe from the top of the opening of the trees and swirl downward. Repeat from the bottom of the trees and repeat if darker image desired.
3. Carefully add Smoky Slate ink to just one large snowflake and adjacent dot. Stamp above the trees, repeating the ink process and stamping on both Thick Basic White pieces of card stock.

INK AND SPARKLE STAMPING

- Stamp the greeting of your choice using Shaded Spruce ink onto the label shapes (one for each card)
- Cut the Basic Grey rectangle from the Paper Pumpkin kit in half longwise (1/2 piece for each card). Cut each of these pieces in half and cut the ends at an angle. Using a Stampin' Dimensional, adhere one of these pieces on the right and left side of the label shapes. Add more Stampin' Dimensionals on the back of the labels and loop Silver Simply Trim behind the labels.
- Add Stampin' Seal across the trim/Stampin' Dimensionals and adhere approximately 1/2" from the bottom of the trees.
- Adhere one Thick Whisper White layer to each piece of Smoky Slate card stock using Stampin' Seal and then adhere these layers to the Shaded Spruce card bases.
- Add 5 tiny Rhinestone Basic Jewels to the card front.
- Take the 2 remaining pieces of 3-3/4" x 5" pieces of Thick Basic White card stock and stamp inside greetings/images of your choice and then adhere to the inside of each card.
- Stamp your envelopes as desired.
- Add your personalized greetings and send to your favourite people (you probably need to make more of these cards so that you can send more of them 'cause you probably have LOTS of favourite people!
