- Playful Pets Trim Combo (152466)
- A small bead with opening approx. 1/8"-1/4"

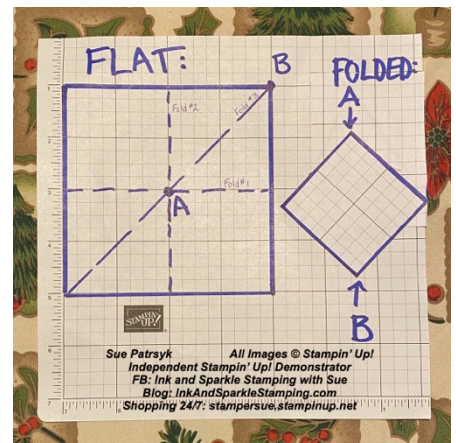

All images © Stampin' Up!®

Measurements:

- Heartwarming Hugs DSP: 2 pieces cut at 1-7/8" square
- Pear Pizzaz Cardstock: 6 pieces cut at 4" square; I chose Pear Pizzaz with Real
- Red trim from Playful Pets Combo: Red/White stripe pattern 14"

Instructions:

1. This 3-D decoration is very easy to construct and using the video on my FaceBook post dated Nov 17, 2021 will make the process even easier.
2. For each of the 6 pieces of DSP, fold in half and then turn 90° and fold in half again. For the 3rd fold, turn the piece of DSP and fold crossways, matching 2 opposite points. Crease all the folds with the Bone Folder.
3. Stamp the greeting of your choice with Pear Pizza ink onto 1 of the 1-7/8" x 1-7/8" Pear Pizzaz pieces of cardstock making sure the square is offset as in the grid paper picture. Stamp the holly leaves with Pear Pizzaz ink onto the 2nd piece of 1-7/8" x 1-7/8" Pear Pizzaz cardstock (also offset as in the picture). See video for clarification.

INK AND SPARKLE STAMPING

4. For each of 6 pieces of DSP, fold the crossways folds into the center and using the score marks, fold down to a 2" x 2" square.
5. With the closed point facing away from you, glue each of the 6 folded DSP squares together. Continue to match the closed point and adhere the remaining folded DSP squares on top of each other (see video for detailed view).
6. Fold the red trim in half and thread the bead onto both ends (see picture). Lay the end of the trim across the folded ornament between Point A & Point B as in the grid paper picture. Adhere with Stampin' Seal+. Repeat with the other end of the trim laying it across the other end of the folded ornament and adhere using Stampin' Seal+.
7. Adhere one of the 1-7/8" stamped Pear Pizzaz pieces to either ends of the folded ornament.
8. Make a knot in the trim about 2" from the top of the loop and making sure it is above the bead.
9. Enjoy giving the ornament to someone special or decorate your tree with several of these ornaments.
